14th January 2009

Dear colleagues, parents, students and friends of Dulwich College Shanghai,

RE: Accreditation Success

It is with great pleasure that I write to you all, to confirm that our school is now fully accredited with the Council of International Schools (CIS), the Western Association of Schools and Colleges (WASC) and the National Centre for School Curriculum and Textbook Development (NCCT).

To gain this level of accreditation with three prominent agencies is a significant achievement in the short life of the school to date, and is testament to the hard work and dedication of many people over the last 6 years.

Our accreditation report pays tribute to the quality of work being produced at all levels of our organisation; through the Board of Management, our Leadership Teams, our Educational Departments and, most significantly, our teachers in the classroom.

As expected, the report also suggests some areas for improvement over the years ahead and these areas will be incorporated into our strategic development plan.

For now though, I congratulate you all and would ask that you celebrate and take pride in this achievement. An achievement that you all, as our school community, fully deserve.

With best wishes,

Paul Friend
Headmaster
